DANNY'S CONSTRUCTION COMPANY, LLC
Job Description

Position:	Project Engineer
Reports to:	Site Project Manager
Designation:	Exempt, Full Time
Hours:	Monday-Friday, 8:00 a.m. – 5:00 p.m.

Responsibilities

1. Responsible for field support services as requested by the Division Manager, Project Manager and Superintendent/Foreman to assist with construction of various structural steel, reinforcing steel, miscellaneous metals and bridge projects.
2. Provide operations support for all field activities on the job site which may include tracking steel and bolt inventory, surveying support, managing erection drawings, tracking and documenting field changes and extra work items.
3. Develop crane and shoring layouts
4. Develop erection and rigging plans
5. Plan required pre-assembly and module building
6. Maintaining project documentation on internal SharePoint site and various client applications such as Procore, Autodesk BIM 360 Field, Bluebeam, Revit, etc.
7. Assisting in estimating and takeoff efforts as requested.
8. Contribute to the development, documentation, implementation and enforcement of the Company erection and quality control procedures as well as the Company's safety policies.
9. Assist in the development and implementation of project safety programs in cooperation with our customer, the owner, our employees and others at project job sites.

Required Skills

1. Minimum of two years of Construction Project Engineering experience
2. Proficient in Microsoft Office
3. Professional verbal and written communication skills.
4. Organize, prioritize and meet multiple deadlines.
5. Ability to complete work with a high degree of accuracy and thoroughness.
6. A valid driver's license and acceptable driving record are required to drive personal and company vehicles for company use.
7. Physical ability to perform job functions including walking to various parts of the job site, climb stairs and ladders to inspect work areas, light lifting and bending. May require extended time working from a desk or extended periods of time walking outdoors.

Danny's Construction Company, LLC is an AISC Certified Advanced Steel Erector. Monitoring of procedures, planning, and documentation required to maintain this level of certification is a duty of all Danny's Construction Company employees. Your input and suggestions for continuous improvement are welcome.
